unlawful combine will be taken by R. V. Davidson, the attorney general of that state, before Notary Robert Funkhouser on Wednesday.

The name of Senator Joseph Bailey of Texas, is likely to be linked with the alleged deal between the great oil combinations. Senator Bailey recently came into the limelight in connection with the Standard Oil company, and it was said that some sensational testi-mony along that line would be divulged when the taking of depositions began. The Waters-Pierce Oil company of Texas is operating under the laws of Texas as an independent company, but evidence now in the hands of Attorney General Davidson, it is said, shows that the Texas company has been absorbed by the Standard Oil corporation.

"When my boy was six years old he suffered terribly with eczema. He could neither sit still nor lie in bed

with his nails, and that only made it worse. Nothing gave him any relief until I used the Cuticura Remedies, and I can-not praise them too much. A doctor treated him, and we tried almost everything, but the eczema seemed to spread. It started in a small place on

the lower extremities and spread for two years until it very nearly covered the back part of his leg to the knee. "Finally I got Cutieurs Soap, Ointment, and Pilis, and gave them according to directions. I used them first in the morning, and that evening before I put my boy to bed I used them again, and the improvement even in those few hours was surprising, the inflammation seemed to be so much less. I used two boxes of Cuticura Ointment, the same of the Pills and the Soap, and my boy was cured. He has never had a return of the eczema since. I hope you will publish my letter so the public will know what Cuticura has done for my boy. (signed) Mrs. A. J. Cochran, Jr., 1823 Columbia Ayenue, Philadeiphia, Pa., April 13, 1905."
